

# ESCAPE PLAN

## PLAN FOR TWO WAYS OUT.

A DOOR,  
A WINDOW  
OR THE  
STAIRS.

AND DON'T  
FORGET TO  
PRACTISE.

### Program Supporters:

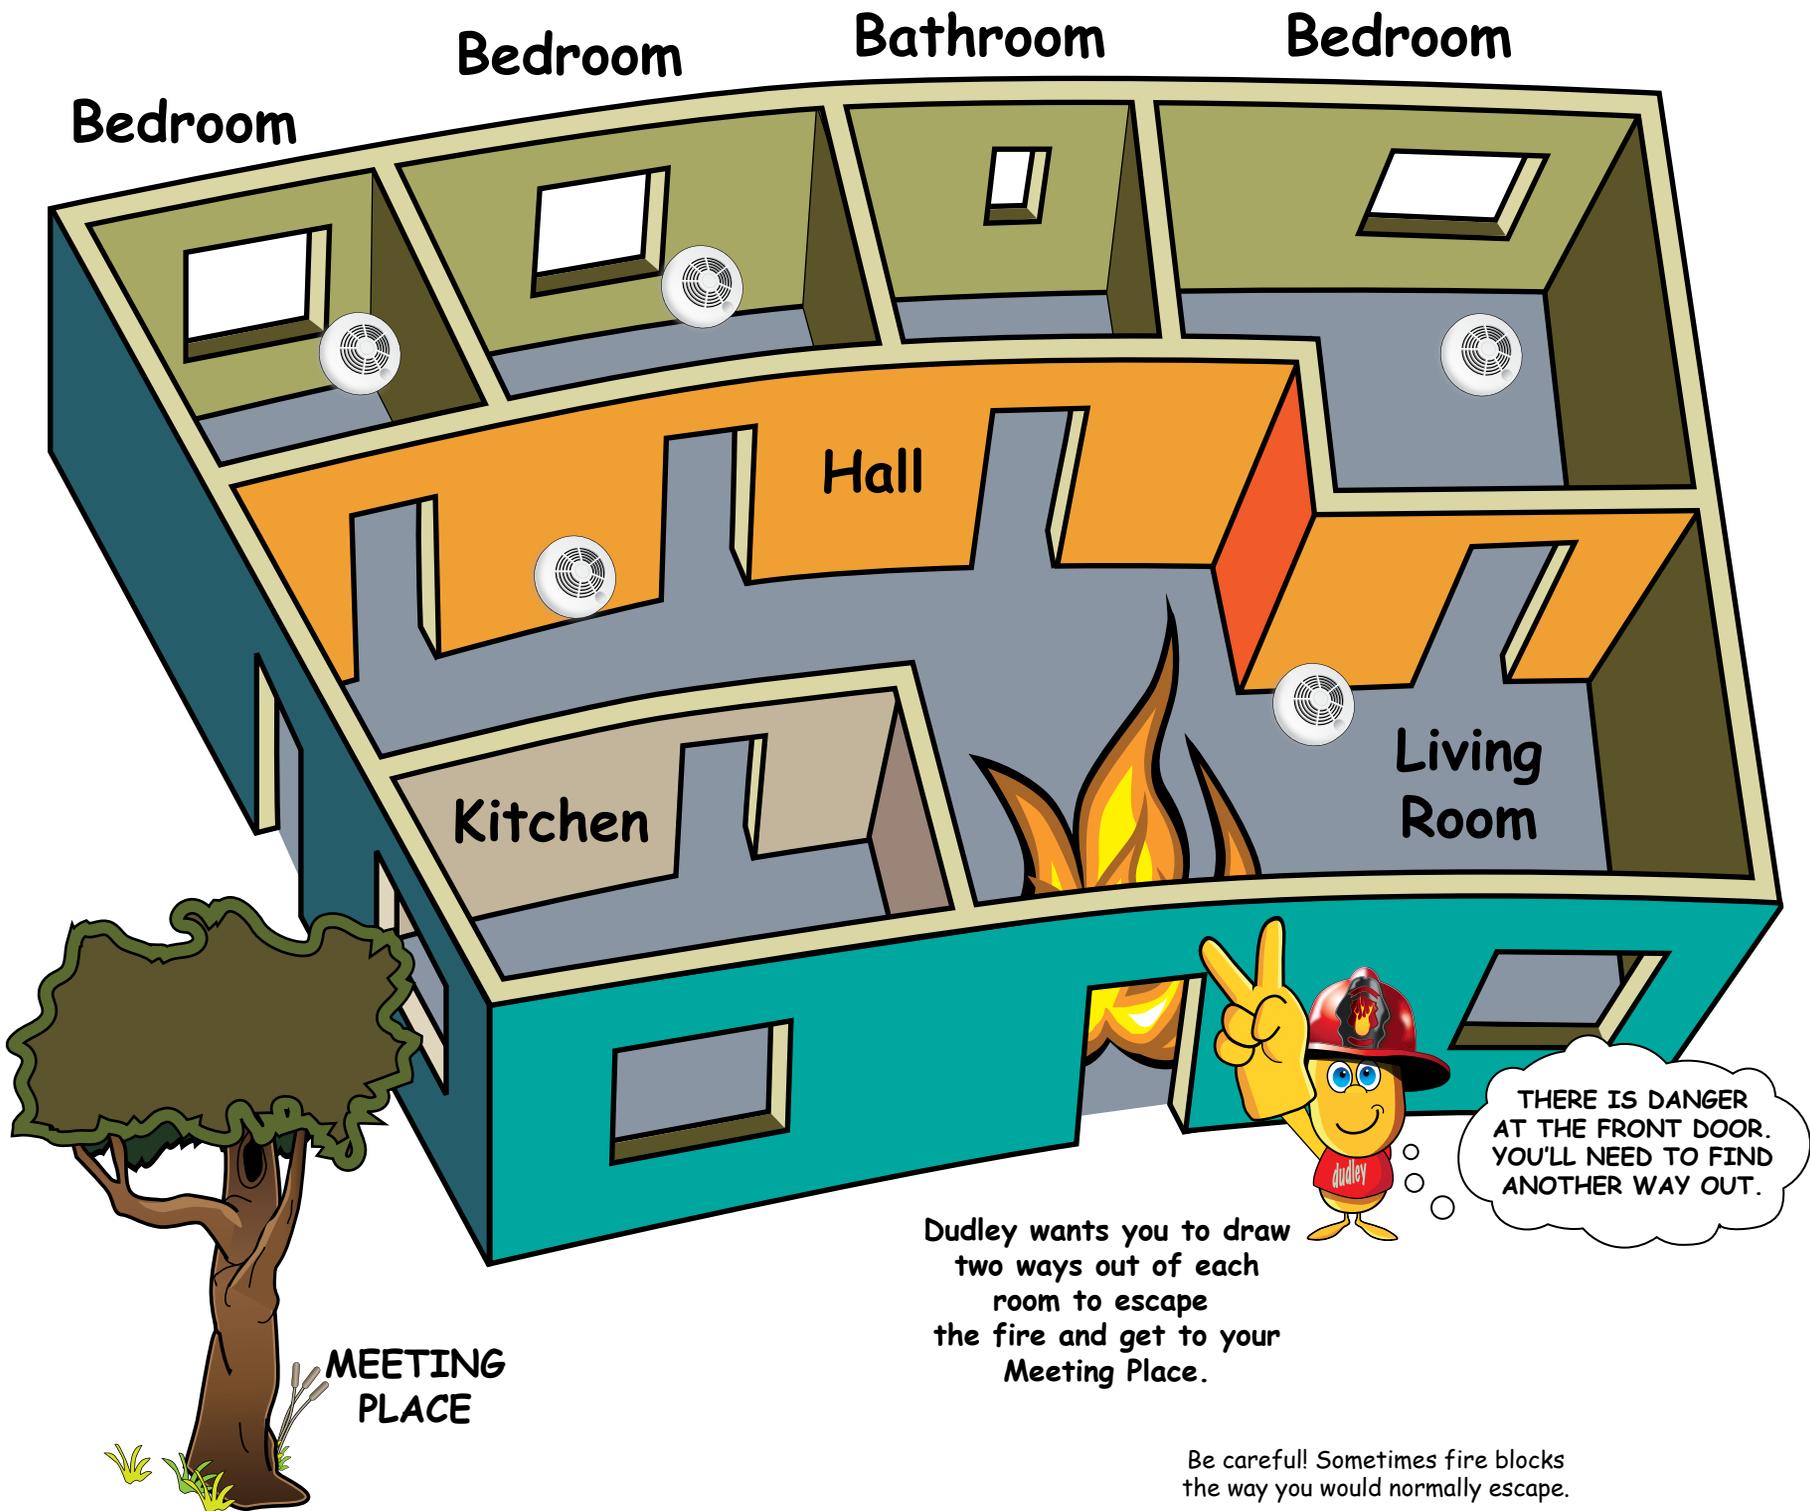

**ATCO**  
always there. anywhere.

**Planning an escape route and a safe meeting place in case of an emergency is good fire safety practice.**

- Draw a map of your home and include all doors and windows.
- Visit each room in your home and practise two ways out.
- Practise going to the designated meeting place from every room in your home.
- Push the test button on all smoke and carbon monoxide alarms.
- Make sure all windows open easily.
- Make sure all doors fully open.
- Make sure your home or building address number can be seen from the street.
- Write the expiry date on the outside of smoke and carbon monoxide alarms to know when they expire.
- Learn the emergency numbers for your community.
- Practise your HOME FIRE DRILL!

**Don't forget to call 911 or your local fire department after you get to your SAFE MEETING PLACE.**

Hall

Kitchen

Living Room

MEETING PLACE

Dudley wants you to draw two ways out of each room to escape the fire and get to your Meeting Place.

Be careful! Sometimes fire blocks the way you would normally escape.

THERE IS DANGER AT THE FRONT DOOR. YOU'LL NEED TO FIND ANOTHER WAY OUT.

Can you find 7 differences between the 2 pictures?

1. Daisys hair is missing.
2. Daisys gloves are different.
3. Less smoke.
4. Baseboard is gone.
5. Dudley's arm is moved.
6. Paint colour in hall.
7. Carbon monoxide detector is missing.

# ALARM REMINDERS

## TEST YOUR SMOKE AND CARBON MONOXIDE ALARMS MONTHLY.

- |                                   |                                    |
|-----------------------------------|------------------------------------|
| <input type="checkbox"/> January  | <input type="checkbox"/> July      |
| <input type="checkbox"/> February | <input type="checkbox"/> August    |
| <input type="checkbox"/> March    | <input type="checkbox"/> September |
| <input type="checkbox"/> April    | <input type="checkbox"/> October   |
| <input type="checkbox"/> May      | <input type="checkbox"/> November  |
| <input type="checkbox"/> June     | <input type="checkbox"/> December  |

Make sure a grownup follows manufacturers' instructions for your smoke and carbon monoxide alarms.

### **Don't Wait, Check the Date!**

Replace all smoke and carbon monoxide alarms over 10 years of age.

# ALARM REMINDERS

Cut on dotted lines and place  
on your fridge.

# QUIZ TIME !

1.  
Smoke and carbon monoxide alarms should be tested every ?

- A. week
- B. month
- C. year

Items blocking doors and windows could keep you from escaping in the event of a fire. This could be the difference between life and death.
